## PROFILE SUMMARY

---

Targeting **Full stack Developer** and **Data Science** roles with an organization of high repute with a scope of improving knowledge and further career growth.

- Full stack (**Python, HTML, CSS, JavaScript**) with a strong background in building scalable web applications
- Data Science (**Data Analysis, Data Visualization,**)
- Demonstrated ability to manage and deliver projects **efficiently**, from initial planning and design to final deployment and maintenance.
- Committed to **staying updated** with the **latest industry** trends and technologies, continuously enhancing skills to provide innovative solutions

## PROJECTS

---

**Virtual Gym Trainer Platform (FitHub)**

**March 2024- May 2024**

**Tools: Django, Python, HTML, CSS, JavaScript, Stripe API, Google OAuth**

Developed a full-featured virtual gym trainer application to enable user registration, authentication, and gym activity management.

**Responsibilities:**

- Designed and implemented a responsive, user-friendly front-end using HTML, CSS, and JavaScript.
- Integrated secure user authentication and authorization using Google OAuth.
- Built and maintained the back-end with Django, efficiently managing data storage, retrieval, and user workflows.
- Integrated Stripe API for seamless and secure online payment processing.

**Club Registration Website**

**June 2023 – July 2023**

**Tools: HTML, CSS, JavaScript, React.js**

A sleek and intuitive web application allowing users to easily register for various clubs using single click.

**Responsibilities:**

- Developed the front-end using React, ensuring a responsive design that works seamlessly across desktops, tablets, and mobile devices.
- Implemented real-time club registration and event management for club activities.
- Students can interchange between different clubs and student chapters.

## ACADEMIC ACHIEVEMENTS

---

- Earned a certification in Industrial IOT Market & Security on Coursera.
- Certification on Modelling and Analytics for Supply Chain Management from **NPTEL**.

## SKILLS

---

**Programming:** Java, Python, JavaScript, HTML/CSS, SQL, Node.js, React.js, C++.

**Tools:** PyCharm, Eclipse, AWS, Excel.
